

Three boats came into Macduff harbour this morning with their catches. The table below shows the amount of fish, prawns and lobsters that were caught by each fisherman.

Boat Name	Skipper Name	White Fish Boxes	Prawn Boxes	Lobsters
Grey Peullie	Paddy Sailor	45	90	0
Lower Dog	Jock Duff	68	30	0
Fiery Tangs	Crusty Shawn	0	0	12
TOTAL				

How many boxes of white fish, prawns and lobsters were caught all together?

The fish is then sold at market.

A box of white fish sells for £20.

A box of prawns sells for £30.

Lobsters sell for £50 each.

How much money did each fisherman make?

Boat Name	Skipper Name	White Fish Boxes £	Prawn Boxes £	Lobsters £	Total £
Grey Peullie	Paddy Sailor				
Lower Dog	Jock Duff				
Fiery Tangs	Crusty Shawn				

Each fisherman pays the harbour master £300 to dock the boat in the harbour.
 Skipper Jock Duff also broke one of his nets at sea. It needs to be fixed and is going to cost £2000.

After all the costs are covered, how much does each fisherman make? Do they make a profit or loss?

Skipper Name	Profit from sale of fish £	Cost of docking boat £	Cost of net repair £	Total profit or loss £
Paddy Sailor				
Jock Duff				
Crusty Shawn				

Which fisherman made the most money?

Which fisherman made the least money?
